

# Pick up the Phone – Your Business is on the Line

Take full advantage of today's technology and make every call count with a sleek, brand new phone system from FSN. From the CEO's office to the Conference Room, we deliver a user-friendly solution that improves efficiency and saves your business money.

## Features of FSN's Phone System

### Simplified Management

- @ **Integrated Messaging:** Choose to receive faxes and voicemails right to your email inbox
- ☰ **Corporate Web:** An online dashboard displaying employee's phone status
- 👤 **Auto-Attendant:** Fully programmable inbound system that routes calls to the appropriate employee or extension
- ↗ **Scalability:** Simply add more phones to the matrix at any time
- 📞 **Dedicated Specialists:** No outsourced customer service; support provided from the U.S. Steel Building in Pittsburgh

### Premium Features

- 🎵 **Hold Music:** Choose from a variety of different genres
- ∞ **Unlimited Nationwide Calling:** Eliminates usage and per minute charges
- ▶ **Plug & Play:** Phones retain all settings such as extension, behavior, and voicemail when moved to a different place in the office
- 🌐 **Ultra High Speed Internet:** Fiber, wired, and wireless
- ⚙️ **Customizable Features:** Ringtones, digital backgrounds, and outbound Caller ID

## And So Much More!
